

EARLY ADOPTER AFFILIATE TRAINING

Are you looking for a domestic, sexual, and teen dating violence prevention and intervention curriculum that doesn't end in the classroom?

Are you a victim advocate, educator or activist?

Then this training is for YOU!

BLOOM365's Early Adopter Certified Facilitator training provides prevention, advocacy and intervention strategies to prepare you to implement our 3-Step BLOOM IT UP™ education, advocacy and activism model in your local schools and communities.

Often the first to use the **BLOOM IT UP™** model in their region, Early Adopter trainees are from:

- DV/SA Prevention and Advocacy Organizations
- School Districts
- Law Enforcement Agencies
- Military Installations
- City/County/State Governments
- Youth Leadership Councils
- Youth-Centered Advocacy Groups
- Parent Teacher Organizations

In three information packed days, we will conduct the core Early Adopter Certified Facilitator training either at Blooming Point Phoenix, AZ or at your site (minimum of 5 trainees required at your location).

An additional 12 hours of intensive direct youth advocacy and youth-led activism training may be completed via live webinar or on-site.

Note: A separate facilitator training for our new Middle School program is also available.
